

CARING FOR CARCINOID FOUNDATION

Dedicated to discovering a cure for carcinoid cancer

Biography

Lauren is the Executive Director of the Caring for Carcinoid Foundation. She joined CFCF as Vice President of Operations in 2007 with a rich and varied set of experience in investment banking, trading, and consulting. At CFCF, she has responsibilities within all facets of the organization, including development, patient support, grant management, and operations.

She came to CFCF from Health Advances, a boutique consulting company focusing on the Healthcare and Biotech industries. Prior to Health Advances, Lauren worked in the New York and Boston offices for Goldman Sachs & Co. in their mortgage sales and trading division. At Goldman, Lauren was responsible for leading the structuring of mortgage securitization as well as managing key relationships with Goldman's customers.

Lauren is an avid runner and swimmer. In her spare time, she coaches collegiate and recreational swimming. In the winter, Lauren is the assistant head coach of MIT's varsity swim team, and during the summer she is the head coach of an all-ages swim team in Lincoln, MA.

Lauren graduated from the Massachusetts Institute of Technology with a degree in Theoretical Mathematics where she developed a mathematical model for incidence rates of Pancreatic Cancer. Lauren was also the captain of the school's varsity Swimming and Water Polo teams.
